CONTENT AND LANGUAGE INTEGRATED LEARNING (CLIL)

The course is aimed at teachers of subjects other than English and aims to provide participants with the opportunity to consider CLIL methodology and its application to their lessons.

Teachers can refresh and improve their knowledge of the language required to teach their subject through English. Another objective would be to exchange and share ideas and expertise and to establish links with teachers from other European countries.

Argomenti interessanti e motivanti; la lezione frontale lascia anche spazio a momenti di scambio e ad attività pratiche in piccoli gruppi
